Ward Market Victim of Unknown Burglar

The meat market belonging to George Ward and the vegetable stand run by George Wildberger at the corner of School and Standley streets, was burglarized by unknown parties sometime Saturday night.

Entrance was gained by forcing part of the screen off the back door, and unlocking the door. The cash registers of both businesses were rifled and $6.50 in cash taken. No other loss was discovered by the owners, although an attempt was made to open the meat department safe. Ward found a pile of coats and aprons on the floor in front of it, where the culprit had sat while at work.

Ward stated that the job looked as if it had been done by amateurs. Evidently the intruders were hungry, for a pie plate with some half-cooked bacon was found near a furnace in the back of the place.

A finger print expert from Santa Rosa was here Monday and obtained finger prints from several articles. No report has been received from him by the sheriff's office yet.

The same market was entered several weeks ago by burglars.

Night School Work Will Be Continued

Enrollment Should Be Made at Once. Classes to Begin Next Tuesday Night

In a statement given to the Dispatch yesterday in regard to the continuation of night school classes at the Ukiah high school, Principal Charles M. Fulkerson says:

"Night school classes will open again at the high school Tuesday evening January 5, for another period of eight weeks. The courses which will continue without further registration are physical education, auto mechanics, music and weaving. Classes in other subjects will be organized as soon as the required enrollment has been secured.

The courses in public speaking, as planned, were completed before the holidays. The interest in these courses and the regularity of attendance for them was extremely satisfactory to the school authorities. It will be possible to offer another period of eight weeks' work in the public speaking. Anyone wishing this work to continue should enroll immediately.

"The school is very anxious to continue the course in Americanization, but in order to do so a larger enrollment for it must be secured. In this work assistance is given for deficiencies in English, as well as instruction in civil government and citizenship. There is no tuition fee. Any assistance given the school to secure the needed enrollment will be greatly appreciated.

"A course in commercial law, similar to that given last year, can be offered again this year. This class would be given by James Busch and would meet on Tuesday and Thursday evenings. Registration for this work should be sent in to the high school principal at once.

"Classes in bookkeeping, typing, woodwork and mechanical drawing will be organized upon sufficient demand. Registration for any of these courses may be made by telephone or letter."

SAVINGS BANK of Mendocino County

UKIAH—HOPLAND

Bank With Us — Grow With Us

Party Imperiled as Slide Blocks Road

Returning to their home in Ukiah from a dance at Laytonville, Friday morning, a group of five people in a light car had a narrow escape from serious injury 15 miles north of Willits, on the Redwood highway. A large section of the bank collapsed and slid partly into the road directly in front of the car, carrying with it a large oak tree. Only the skill of the driver and the fact that the car was equipped with good brakes saved the occupants from injury.

The machine hit the obstacle, breaking a headlight, bending the hood slightly and smashing a window.

The men of the party with other people from the tied up traffic went some distance down the road and borrowed saws and axes from neighboring ranches. Two hours elapsed before they were able to cut a passage through.

Those in the party were Mr. and Mrs. H. G. Kellogg, George Leno, Ray Wheeler, and Miss Viola Modesta, all of this city.

Youth Sentenced to Jail Makes Escape

Edgar Banks, Redwood valley youth, was arrested Tuesday morning following a quarrel and fight with his father, Harry Banks.

Banks was charged by his father with battery and his trial was held in the justice court Wednesday morning. On a plea of guilty Judge Hoffman sentenced him to 20 days in the county jail.

While being taken to the jail by Nels McClure, constable, Banks on a pretense of tieing his shoe, started to run and escaped. Officers and several citizens tried to apprehend the man, but he eluded them and is still at large.

Two Hurt When Car Turns Over In Ditch

Enroute to their home from Ukiah Tuesday night, Mr. and Mrs. Harry Fletcher, proprietors of the Vines auto court, two miles north on the Redwood highway, suffered the unfortunate experience of having their machine go into a ditch filled with water at the side of the highway.

Fletcher stated that lights from an approaching machine blinded him and caused him to swerve off the highway into the ditch. The car rested on its side and the occupants were extricated by passing motorists.

The auto camp owner was the most severely injured, sustaining several cuts and two fractured ribs caused by a bump from the steering wheel. His wife was also cut by flying glass.

Lloyd Denham ,of the Scales garage, arrived and took charge of the machine and brought the injured people to Dr. J. J. Kirwin for medical attention. They were later taken home.

The estimated damage to the machine is about $150 and was covered by insurance.

New Service Station Opens Last Saturday

A service station unit, one of a chain in northern California to be established by the Signal oil and gas company of Los Angeles, was formally opened for business Saturday morning at the southern city limits by Bean and Lampson, of Santa Rosa.

The men moved to Ukiah Saturday and are planning to live here permanently, having taken a lease of the station from the oil company.

The camp ground will also be operated by the proprietors. Later many improvements will be added.

Immediately after the first of the year, a corps of engineers from the company headquarters will arrive in Ukiah to start the construction of a supply base, which will include two large tanks, a garage, pumping plant, and other buildings.

The base will be a distributing point for an area of over 50 miles around Ukiah. One truck will be used and a local man will be employed to operate it.

Calpella Dances to Change to Saturday

Due to the fact that many requests for a change have been received by the orchestra from numbers of the dancing public that have been attending the dances at Calpella on Sunday, it has been decided to hold the dances on Saturday night. Many new ideas will be used to make the dances a success, including vaudeville and specialty numbers. Kelly and his rhythm kings have obtained the services of the Golden brothers show, which is wintering here, and which will, from time to time, offer high class vaudeville with the regular dance. The price of admission will remain the same.

PARTY AT CAMBOT HOME

Alice Cambot was hostess Tuesday night of last week to a group of her friends, when they called at her parents' home on Main street to surprise her. Judge Iversen was called to Napa to sit in the superior court of that county several days this week.

Engagement Told at Party Monday Night

At a birthday party given Monday night by Mr. and Mrs. S. Blankenship for Miss Ada Blankenship, whose birthday occurred on that day, announcement was made of her engagement to Marvin Harold Romer, local young business man.

The announcement was made in a very novel way. At each gentleman's plate at dinner was a gift and a piece of poetry. The young men read aloud the poems and presented the gifts to their dinner partners. When it came time for Mr. Romer to read his part and present the gift to his prospective bride, the present was an engagement ring.

The Blankenship home was beautifully decorated with wreaths, bells, mistletoe, red and green crepe paper and a tastefully adorned Christmas tree. The table was decorated with fir sprays, tall candles and, in the center, a large birthday cake with 19 candles. Ice cream and cake were served to the young people during the evening.

After supper games were enjoyed.

Those who attended were: Misses Kathleen Waugh, Sadie Swim, Opal Lasater, Lois Frey of Eureka,, Diamond Butler of Oakland, Barbara and Phyllis Gruwell of Scotts valley, and Mrs. Ashley Doak; Messrs. Grant Lewis, Ferdinand Loutern, Fred Waugh, Marvin Romer, Jewell Blankenship, Gerrie Heryford, Yueland Howard, Robert Burpee of Lakeport, and Ashley Doak. Also Mr. and Mrs. S. Blankenship, and Ada.

Many lovely presents were received by Miss Blankenship.

Christmas Eve Party by Senior Endeavor

The Christian church senior endeavor held their Christmas tree and party at the church, Christmas eve. About 20 attended. Santa Claus was represented by Lyndel Foster, who gave out gifts from the tree to all present.

Jewel Blankenship is the president of the senior body. Mildred Banks was in charge of the Christmas party.

TAKES NEW POSITION

Dorothy Davis, daughter of Mr. and Mrs. W. K. Davis, who has been staying with her parents for over a month, has accepted a position with Edward Morris, as his private secretary, in his Sacramento office. Miss Davis went to Sacramento recently to begin her work.

Morris is now managing director of the Sacramento regional citizens council.

Miss Dorothy and her sister, Mrs. O. C. Lynn, of San Francisco, visited with their parents over Christmas and the week end. Mrs. Lynn left for her home Wednesday.

DAMAGE CLAIM WHITTLED DOWN

A jury Wednesday whittled a claim for $46,500 damages against Mendocino county down to $10. The case was that against J. A. McCosker, of Willits, for a right of way through ranch property leased by him for the "East Side" road, which is planned to circle Little Lake valley and come out on the highway near the old oil well. McCosker valued the right of way at $46,500. Besides the $10 awarded him as damages, the county is to pay for the fencing, amounting to about $1050.

PLANTZ CASE FURTHER DELAYED

The now celebrated Plantz case, wherein the civil service commission is seeking to oust Plantz as farm superintendent at the Talmage insane asylum, was put off until January 18 in the superior court this week. Between now and that date the various parties are to present their cases on briefs for submission to Judge Jones for decision.

FAMILY DINNER

Mr. and Mrs. C. A. Bernhard, local business people, entertained at dinner in their home at Grove and Hazel streets on Christmas day Mr. and Mrs. W. G. Williams and family, Mrs. H. B. Smith and Sylvia Bernhard, of Livermore, who was visiting her father. Miss Bernhard returned Monday to Livermore.

TO WINTER IN LONG BEACH

J. C. Martin, well known business man of Ukiah, left this week for Long Beach, where he will spend several months.

ROUND VALLEY

COVELO, Dec. 28.—Miraculous escape from bodily injury by the driver and two passengers and little damage to truck and contents, characterized the first accident in months on the Covelo-Dos Rios grade last week. To avoid colliding with an approaching car rounding Windy Point, E. H. McClure turned a little too far from the center of the road. The truck overturned twice, lodging against a tree about 40 feet below; another turn would have sent them several hundred feet to the bottom of a canyon. George C. Bauer and small son were the passengers.

The board of directors of joint highway district No. 20, formed under the provisions of said chapter 1025, met as directed therein at Ukiah, Mendocino county, California, in the 18th day of December, 1931, and perfected organization as follows:

President, Supervisor Jess Wolcott, of Corning, California; vice-president, Supervisor J. M. Rupe, of Willits, California; secretary-treasurer, G. M. Biggar, of Covelo, California.

The following list of officers were scheduled for installation by Augusta Chapter No. 80, O. E. S., on December 28, in the presence of members only: Worthy matron, May Yates; worthy patron, F. E. Woolley; A. M., Clara White; A. P., G. F. Johnson; Cond., Emma Rice; Ass.t Cond., Madelyn Moore; Sec., Nellie Ham; Treas., Winnie Hurt; Star Points, Marjorie Caldwell, Parthenia Bates, Beatrice Goforth, Jennie Lovell, Etta Fitzhugh; War., Sarah Ells; Sen., W. W. Duncan; Organist, Fannie English; Mar., Esther Duncan; Chap., Nellie Woolley; Flagbearer, Lester Skelley.

The Covelo Women's Improvement club will meet Saturday, January 2. The child welfare committee is scheduled to present the program. The girls' 4-H club meets in the domestic science room at 1:15 of the same afternoon to enable leaders and girls to attend the Improvement club also.

Colonel Bourne of Healdsburg will address the Boy Scouts court of honor January 20, and the Eastern Star on the following evening. There will be no charge for these lectures. The speaker has traveled much and had a wide range of experiences which he enjoys sharing with others.

The next meeting of the Round valley farm center will occur on Monday, January 4.

Miss Helen Hogshead acted as hostess on Sunday evening to an informal but charming supper pary, including Mr. and Mrs. J. D. Rohrbough, Mr. and Mrs. G. M. Biggar, Dr. J. S. Hogshead and Attorney Jack Hogshead.

Perhaps the happiest of happy family groups in Round valley this holiday season was that of Mr. and Mrs. Paul Cerutti, who took the final tests for citizenship at Ukiah on December 23. They came through triumphant and returned home bearing the precious document attesting to that fact, with a resultant enthusiasm that sets pondering the unemotional American who has always taken his citizenship as a matter of course, like air and water and food. During years of residence here the Ceruttis have won friends and confidence by their diligence in farming, their neighborly kindness, and their interest in invention, music and art. We welcome them into the great American family.

Bert Leggett, Indian World War veteran, was scheduled to go to San Francisco December 28 for medical examination. He bears a shrapnel wound by one eye and a bullet hole through his right wrist, both of which have been troubling him.

Cheerful news being circulated during the week that Manager Henry of the Point Arena Light and Power company has applied to the state railroad commission for permission to lower rates in Round valley, is promoting the prospect of a happier new year.

The long spell of freezing and snowy weather, which began Thanksgiving time, broke on Wednesday of last week into a comparatively warm, very wet rain which has continued almost without interruption. Streams are running bank full; gutters are overflowing; every depression in road or field is a miniature lake; slides on the grades are frequent and menacing. No serious damage to traffic or property has yet been reported.

Traditional pioneer country hospitality dominates the valley this week. Every family is host or guest. Delightful gatherings too numerous to follow and too lengthy to describe were held on Christmas day, ending with a full auditorium at the Scout ball in the evening. The unpropitious weather has not hindered the annual flock of home comers.

Mrs. Edith Murphey, county chairman of Indian welfare for the Mendocino county federation of women's clubs, submits the following report on distribution of clothing, etc., among the Indians in the northern part of the county during the holiday season:

This has been a hard winter so far, with many calls for warm clothing. Local response was very good, in view of the fact that most of us are wearing our garments longer than usual.

Assemblyman G. M. Biggar, Judge Whitney and H. B. Muir of Willits helped forward several parcels sent expressly for the Sherwood Indians.

Mrs. V. M. Miller of Laytonville distributed clothing sent from here and that sent from Mrs. Cleland of Ukiah to the Laytonville rancheria.

Organizations contributing clothing are as follows: Indian Defense Association and Tamalpais Chapter, D. A. R., of San Francisco; Indian Defense Association and Mrs. S. W. Robertson of Santa Barbara. Chauncey Goodrich of Saratoga and Mrs. Lillian Baker of San Jose sent many boxes. District Attorney Gibson and Mrs. Toles of Ukiah also remembered the hour of need. Mrs. Irving Kahn, Mrs. Elkus, and two little girls of San Francisco sent toys, games and picture books. Some of each of these were sent to Sherwood, Laytonville, Red Rock district, Red Hill district, Hull's valley and other mountain neighbors.

In spite of stormy weather each of the Indian churches had a nice Christmas tree and candy enough for everybody, old and young. Mrs. Baker of San Jose and a Ukiah club sent sacks of candy expressly for Sherwood. A San Francisco friend, Mr. Ells and Mr. Quinliven took charge of the Laytonville candy.

Round valley's generosity was literally weighed in the balance and, as usual, not found wanting. A pair of gold scales was set up in Hill brothers' poolroom, and contributions laid on them for the reservation candy fund were liberal. The teachers also donated to this fund, and Mr. Ells gave as usual a large amount.

Thanks to the chairman of this work are due to all who so willingly cooperated, especially to the young girls of town and country who cheerfully gave their holiday time to the dressing of dolls, repairing of garments, and the delivery of messages and parcels.

Happy New Year!

Cleo O'Ferrall of the Horse ranch is spending Christmas with his folks.

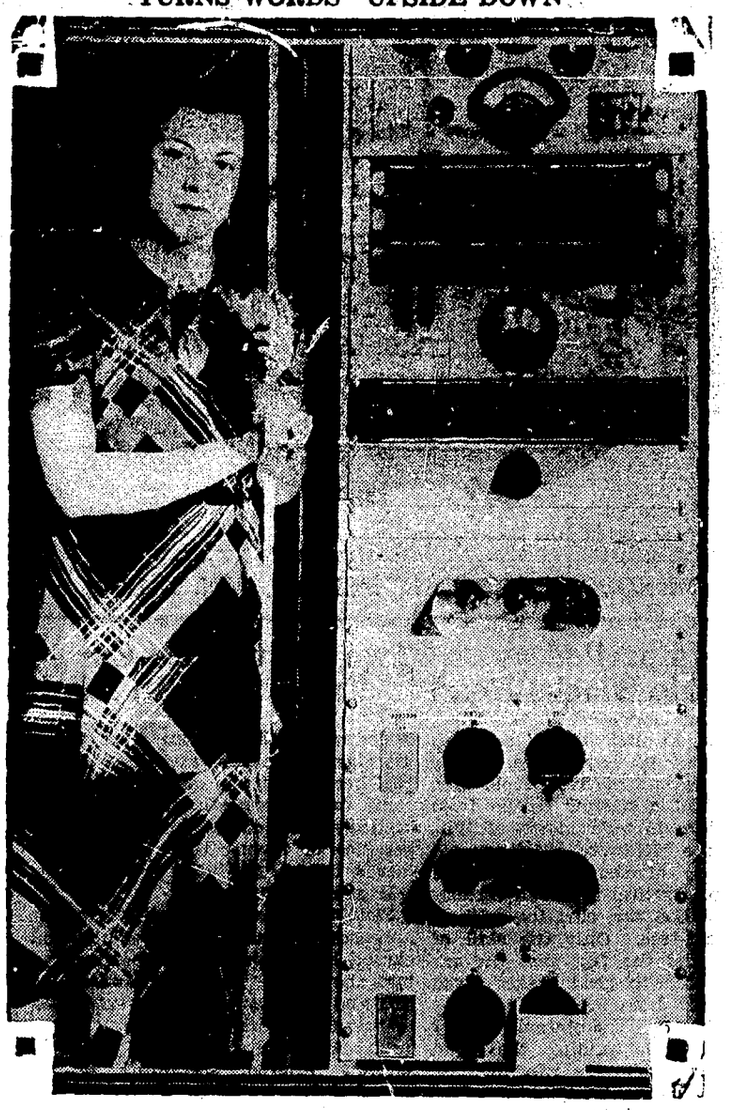
Word has come to town of the burning of the Harry Beard house on Cold Creek during the storm of last week. No one had been in the house for two weeks previous to the fire.

TURNS WORDS "UPSIDE DOWN"



This is the "secrecy" machine or "inverter" which turns telephone conversation "upside down" and makes a school girl's giggle sound like a stevedore's roar. It will give secrecy to the Bell System's new radiotelephone service to Hawaii, which opens this month. Gwendolyn Blanco illustrates size of machine.

ANDERSON VALLEY

BOONVILLE, Dec. 24.—Ferrell's hardware store was entered during Tuesday night or early Wednesday morning and a much larger haul made than when it was robbed a few weeks ago. Two rifles, two pairs of shoes, socks, three wrist watches, two suitcases and several hunting knives are known to be missing and they probably filled the suitcases with other items that it would be hard to check up on at present. Entrance was made through the back room, although an attempt was made to jimmy the front door. The glass in the door leading into the store from the back room had been broken and waste material placed on the floor to prevent any noise when it fell. In entering they had taken Ferrell's dog in with them and left him in the store. On leaving they had dropped a sock outside and it was only damp when Harry Nissen arrived at 7:00 c'olock to open the place, so the robbery had probably occurred but shortly before as there had been a light rain all night.

Mr. Ferrell has been leaving a light on all night since his last robbery. This is the fifth time since he has been in business here that his place has been robbed. Officers called on the last case are reported to have decided that it was a local job but have not been able to pin it on to any one.

Residents here learned with regret of the death of John Guntly in Ukiah last week. He was an old-time valley resident, having owned for years the ranch now owned by C. T. Ingram near Navarro. Three brothers, Ed., Frank and Andrew, and a sister, Mrs. G. W. Johnson, reside here.

Mr. and Mrs. C. T. Ingram are passing the holidays in Berkeley with their son and daughter.

Due to the persistent effort of Supervisor Haehl the state has promised to strengthen the bridges on the McDonald-to-the-Sea highway and timbers are already on the ground. This will certainly be appreciated by residents here as considerable trouble was experienced this fall in getting valley products out and trucks loading in were only able to carry about half a load or else load in to the first bridge and make two trips from there as only six tons is allowed on the bridges.

Saturday evening, December 19, a reception was held for Mr. and Mrs. Ray Eubanks at the home of Mrs. Eubanks' parents, Mr. and Mrs. C. S. Prather. A large number of friends gathered to extend their best wishes to the valley's newest bride and groom. Dainty refreshments were served by the hostess and a very pleasant evening was enjoyed.

Santa arrived early at the W. J. Fowler home when an uncle presented Miss Dorothy with a new piano a few days ago. Needless to say she is very well pleased with Christmas so far.

Mrs. M. Breslauer has had as her guest this week her mother, Mrs. Rivers, of San Francisco.

Mr. and Mrs. F. A. Rawles were hosts to the card club Saturday evening. Mr. and Mrs. V. R. Rawles were both lucky enough to win a first prize and consolation prize went to W. J. Fowler. Following cards refreshments were served by the hostess. Members present were: Mr. and Mrs. V. R. Rawles, Mr. and Mrs. C. A. Tarwater, Mr. and Mrs. A. R. Johnson, Mr. and Mrs. Syd Dennison, Mr. and Mrs. Albert Ferrell, Mr. and Mrs. W. J. Fowler, and Mr. and Mrs. Donald MacKintosh.

The Con Creek school with Miss Blanche Brown teacher gave a charming little play Tuesday evening that was greatly enjoyed by all present.

Mr. and Mrs. Kemp Van Ee will pass Christmas in Navarro with friends.

Harry Reilly, who is attending school at Arcata, is home for the holidays and is being warmly greeted by his many friends.

Mrs. Dudley Cable left recently for a motor trip to her old home in Michigan. She is making the trip with her sister and brother-in-law, Mr. and Mrs. Pratt.

Friday evening, December 11, the local basketball teams from the high school played their first home game of the season when the boys met a local alumni team and were defeated by a few points and the girls played the Lakeport alumni team and defeated them by a score of 15 to 40. The local girls were gay in new "gym" suits of brown and gold that are a decided improvement over their old style suits. The board of trustees have ordered new suits for the boys also. December 18th both teams played their first league game at Point Arena. The girls won but the boys were defeated. The local boys' team is really too light to compete with heavy teams from large schools as due to the few boys enrolled here the team has to be chosen regardless of weight. To date the girls' team looks to be the best this school has had for several years.

Mrs. Elmira Estes, 76, who has hovered between life and death for nearly three weeks, passed away Sunday morning, December 20, at her home near Boonville. Mrs. Estes is survived by a son, C. H. Estes, and two daughters, Mrs. H. T. Ornbaun and Miss Josie Estes, all residents of Boonville; one grand daughter, Mrs. Mathew Del Fatti of Eureka and two great grandchildren. She was a loving neighbor and friend and will be greatly missed. The sympathy of the community goes to the bereaved family.

Mr. and Mrs. C. E. McAbee have moved into the D. V. Presley house in Boonville.

Mrs. R. A. Smoot recently cut her hand on a fruit jar that she was opening when it broke while she was holding it. The injury was so deep that it was necessary to apply a tourniquet and Mrs. Smoot was left very weak from the loss of blood.

Lena Gentili of the high school basketball team is carrying a broken finger as a result of the recent game between this school and the Lakeport alumni girls.

Mrs. Albert Ferrell was hostess to a group of friends Tuesday afternoon, December 15. The afternoon was spent at cards, first prize going to Mrs. C. A. ENTERTAIN AT WHIST

A delightful Christmas whist party was held on the holiday night at the home of Mr. and Mrs. Luther T. Hansen on north State street. The party was given in honor of Mr. and Mrs. Keeler, who were visiting the Hansens at that time.

Those invited were Mr. and Mrs. Orville Archer, Hazel Hopper, Labelle Scott, Christine and Dorothy Bruns, Bob Harmon, Pete Simoncini, and Robert Shore.

Light refreshments were served during the evening.

State Theater News; Tabloid Reviews

It is interesting to observe that such a high percentage of recent releases as listed and reviewed in Photoplay, the news magazine of the screen, have already been presented at the State theater in Ukiah.

Four complete changes of programs are effected weekly.

The latest and best pictures, interesting news reels, clever animated cartoons, and selected short subjects are staged daily in numerous double bills.

Of fourteen performances recently named by Photoplay as the best of the month, ten of the films have been seen on the local screen.

Many of the newer noted pictures have come to the State before they have been run at the larger theaters of the bay district.

The productions have longer runs in San Francisco and there one would have to skip about and travel many miles to see the number of new pictures that we witness at our own theater.

People in times past went to the city to see the latest shows and now they stay at home for fear of missing them.

We hear opera from the Metropolitan Opera House in New York over the radio. Finding our entertainment at home is good business and helps to build up our own city.

"Blonde Crazy" with James Cagney and "Chickens Come Home" with the famous comedians, Laurel and Hardy, are playing at the State for the last time tonight.

"Finn and Hattie," a Paramount picture, is the first feature of a double bill for Saturday. Among the featured players are Leon Errol of the rubber legs and Zasu Pitts.

The story deals with Mr. and Mrs. Haddock's trip abroad which is ruined by a perverse nephew and daughter which characters are, respectively, well played by the clever and charming juveniles, Jackie Searl and Mitzie Green.

"Alias, The Bad Man," a Tiffany Productions, Inc., western drama starring the ever popular Ken Maynard, forms the second part of the program.

Ken Maynard was born and raised in Mission, Texas, is a genuine western cowboy and not of the synthetic or drug store variety.

This popular hero of the screen is by birth and bringing up ideally qualified to enact this role of Texas ranger with his wonder horse "Tarzan," the cream colored mount or "palamino" that has been identified with the star for the past six years.

Ken is one of the few famous horsemen who are also licensed air pilots and the faster both the planes and ponies are the better he likes them.

He recently purchased a Stearman 220 horsepower biplane and flew to Columbus, Ohio, to visit his parents.

"Possessed," an M-G-M adaptation of the stage success "The Mirage," by Edgar Selwyn, will be the attraction at the State for Sunday and Monday.

Joan Crawford and Clark Gable, two of the most popular personalities on the current screen, are co-starred in this notable picture.

Miss Crawford appears as a factory girl, just another cog in the great industrial machine, who advances from a drab life of poverty in a manufacturing district to the purlieus of fashionable Park Avenue to find that wealth does not always mean happiness.

Clark Gable, the latest screen idol, is seen as a candidate for governor, with love interfering with his political aspirations.

This famous pair have recently been seen together at the State in "Dance, Fools Dance," and "Laughing Sinners."

"Once a Lady" will be presented at the State next Tuesday and Wednesday.

This picture is a Paramount adaptation of a successful stage play.

Ruth Chatterton, as a Russian woman with a dual personality, not only gives a deep and intriguing performance but rather startlingly blossoms forth as a real beauty. She shares acting honors with Geoffrey Kerr, Ivor Novelle and others.

"I'll think my mind's a little hazy
If I neglect to see "Blond Crazy."
It will appear last time today
Also a Laurel-Hardy play.

Next "Finn and Hattie" will be seen
With Jackie Searl and Mitzie Green.
Ken Maynard and his wonder horse
Provide a show the fans endorse.

See Joan and Clark enact "Possessed,"
A treat that you'll enjoy with zest.
Cartoon, short subject, and news reel
Will have their own direct appeal.

Ruth Chatterton in "Once a Lady"
Takes part in Russian plot quite shady.
No doubt you will be pleased with her,
She shares the show with Geoffrey Kerr.

Mr. and Mrs. F. M. Wilson and Mr. and Mrs. W. A. Thornton and daughter, Jean, spent Christmas in Oakland where they were guests at the home of Mr. and Mrs. A. M. Deacon.

Jean Thornton is the only child and she is made much of by the two generations of older folk.

Mrs. Wilson remained for a few days' visit, returning to her home here Wednesday evening.

Mr. and Mrs. Jesse H. Lawson and daughter, Wilma and sons, Sam and Jim, drove up from Windsor on Christmas day to enjoy a turkey dinner with Mrs. Lawson's parents, Mr. and Mrs. W. D. Akers, at their home on north State street.

Christmas Wreaths In Windows and Doors

Conservationists and sponsors of the living Christmas tree movement are pleased to see the place of the cut indoor Christmas tree being gradually taken by the illuminated wreaths and stars of tinsel in windows and doors of Ukiah homes.

They are lighted in the prismatic colors.

The fine symmetrical ten-foot redwood in the home grounds of Mr. and Mrs. W. H. White at 126 Evans street which was brilliantly illuminated with many colored lights on Christmas eve and the subsequent week was greatly admired and enjoyed by residents of the north State street section.

Storm Strikes Hard on Mendocino Coast

Heavy Seas Wash Away Houses at Caspar. Flooded Rivers and Tides Do Damage

FORT BRAGG, Dec. 30.—A storm of unusual intensity has prevailed throughout the state for a week past, reaching its height Saturday night and Sunday morning on this coast. The wind reached a high velocity Saturday night and caused considerable damage, blowing down many telephone and some electric light poles. It whipped up a terrific sea, which aided by high tides at midnight Saturday and noon the following Sunday, washed into the coast road at low places where it skirts the ocean and delayed traffic for several hours at Caspar and for a longer period at Sea Side, where a bridge and fill were carried out.

CASPAR, Dec. 29.—A heavy storm swept down on the residents of South Caspar, located close to the creek bed and on the ocean side of the highway last Sunday, and caused considerable damage.

About 1:00 o'clock in the morning Al Gross was awakened by the heavy seas which wrecked his cabin and set one end of it into the creek. He rushed to his garage near the beach and barely saved his car, getting it out just before another big breaker came and swept away the garage at the same time taking the house owned by George Oswald, who just had time to get out of it and save his life. At 10:30 a. m. the house owned by Tony Felipe was torn from its foundation and carried out to sea. Mr. Felipe had time to save all of his household effects.

The house owned by Tom Manderson is still standing despite the heavy seas but the woodshed and other buildings adjacent thereto were taken out. The house owned by Robt. Ryder was not damaged but was in constant danger until th eangry sea calmed down.

A portion of the road near these houses was washed out, but is still passable. The water came over the bridge at Doyle creek and for a time it was thought the bridge would go out.

Many old-timers claim it was the worst storm they ever witnessed and they do not wish to see another for a long time to come.

At Mendocino the storm caused the highest water on the flat adjacent to the mill known in many years. Freshet conditions on Big river caused by the continued rains were augmented Sunday by a very high tide and rough sea. At the mouth of the river the seas swept in over the sand beach and water came up into the company's lumber yard there, but did not do any very serious damage. Several houses were pretty well surrounded by water for a time and water crossed the roadway at the north end of the bridge. Considerable drift was brought up ant strewed along the roadside.

At Seaside, north Ten Mile, the small bridge was carried out. The ocean there swept logs and debris up and across the road. Several small buildings there were swept away and the old dance hall was swung off its foundation at one end some 30 feet. A potato storage shed housing some seven tons of potatoes was carried away and the owner salvaged but 16 sacks of this crop. Supervisor Perkins has had a crew at work replacing the Seaside bridge with a temporary structure and it will be completed today.

The ocean here was particularly violent and at one time at high tide there was ten feet of water over the roadway. About 100 feet of fill was taken out and 60 feet of bridge. The road crew has done extremely good work in replacing this, putting in a temporary bridge some 160 feet long in three days.

French Joe, an old-time resident of Seaside, had to be awakened by his neighbor, Wm. Bowman, at the height of the storm. He just got out of his cabin in the nick of time before the water surrounded it.

At Noyo approximately 120 feet of the crown of the outer end of the Noyo jetty has been knocked during the terrific seas. It is believed that the rock has settled down the north side of the structure and can be recovered under favorable conditions. The whole jetty has settled somewhat, but that was expected.

Few people realize the tremendous driving power of the waves until they have seen the ocean in action in one of these violent storms. Huge bolders are mere playthings for the mighty combers which roll them about like ninepins.

That particularly high water and violent sea prevailed is evidenced by the movement of old logs from their long time resting plcaes. This may be seen at Hare Creek, southwest of John Todd's home at Noyo.

On the south coast, all the low lands adjacent to the Garcia river were flooded but no very material damage is reported.

On the McDonald-to-the-Sea highway, there was high water in the Navarro river and also on the stream bordering the roadbed near Yorkville. The bus of the Mendocino Coast Transit company, due here Sunday night, did not arrive until 10:00 a. m. the next day and many private cars were delayed for several hours.

The roadbed at Hop Flat on the Navarr ohighway was overflowed at one time to a depth of two feet. Clyde Price, attempting to drive through with his truck, was stalled and had to wade to higher land and secure help to pull out his machine. Dimmick Park was overflowed for some hours during the high water.

A big gasoline shovel which had been Navarro river bed near the Henry Nunn employed taking out gravel from the place, was moved well up the side of the river bank by its crew when the storm started. They considered they had it well placed and out of danger of high water. They did not know what an old-time storm could do. The rising waters cut away the bank and the big shovel landed ker-flop in the middle of the stream. It is said to be pretty well buried up in sand and debris.

The wind wrought considerable havoc along with the high water. Two small windmill towers were blown down at Mendocino; innumerable fences along the coast went down, and insecure shingles were ripped from roofs in many places. Great numbers of trees were blown down in the timber zone.

LOCALS

Hans Albert and Luther T. Hansen, local business men, spent Wednesday and Thursday in San Francisco on business.

Duncan Montgomery and Tom Simonds, of Gravelly valley, were storm bound in Ukiah several days this week.

Dr. and Mrs. Van Allen and their daughter, Ruth, left today for San Francisco, where Miss Van Allen will commence her studies in dramatic art. The Van Allens will return Saturday.

Miss Lucile Moore, of Santa Rosa, spent the holiday last week with her mother, Mrs. T. B. Moore, and her brother, at their home on Clara avenue.

WILLITS NOTES

WILLITS, Dec. 30.—Our total rainfall for the season up to this date amounts to 28.81 inches. Last year at this date it was only 7.91 inches. It has rained so far 19 days this month and the total for the month is 17.31 inches. Our heaviest rainfall was last Saturday when it rained 5.05 inches.

More than 5,000 pounds of dressed turkeys were shipped from here by express last week for the holiday market. We understand the turkeys netted the ranchers about 30 cents per pound.

The Morris dam is running over the top and has been for some days.

Hite Grove left for San Francisco, Sunday, to be examined by the specialists of the compensation insurance company. He has been afflicted with a skin disease for several months which is said to have been caused by the skin absorbing the fumes from poison oak. This happened during a forest fire several months ago.

Roy Good and family came over from Fort Bragg today for a short visit with relatives.

WILLITS NOTES

WILLITS, Dec. 28.—The matter of enlarging the outlet of the Little Lake valley is once more being agitated. Whenever we have an unusually heavy rain the various streams that flow into the valley carry more water than can be drained through the outlet with the result that a large lake is formed at the lower end of the valley that sometimes continues for several months and when this happens during the spring a large area of our very best land cannot be farmed on account of being too wet. It is also said that our disagreeable land fogs are also a result of this excessive amount of moisture. The scheme now being being talked of is to blast the bedrock at the outlet, clean out all the brush and straighten and widen the creek bed.

Christmas Trees

Tom McWaters returned from San Francisco last week, where he disposed of several carloads of Christmas trees. This year he did very well but not as well as he would have done had he held the trees a little longer. McWaters has been selling Christmas trees for a number of years.

Experiment Proves Successful

Some weeks ago mention was made about Hugh Christie having been employed by the Northwestern Pacific railroad company to keep the track clear at the site of the big blue slide near Ramsey station. Mr. Christie was in town last week and he informs us that no train has been delayed so far this year by the above mentioned slide. Heretofore the railroad has generally kept a worktrain at that place during the larger portion of the winter and even then the slide used to come in faster than it could be removed. Mr. Christie has a crew of ten men and they use large trucks to haul the blue clay to the river.

The Misses Leith and Jean Beard came up from Berkeley last week to spend the holiday vacation at the Simonson ranch.

Mrs. J. E. Moore came up from Ukiah to spend Christmas with Dr. and Mrs. R. A. Babcock.

Home on Furlough

John Felton came up from Mare Island last week for a short visit with his mother, Mrs. M. Sacry. Felton returned recently from the orient and while there he visited Japan, China and the Philippines. Prior to this he was stationed with the Atlantic fleet and has visited most of the important European and South American ports. He has undoubtedly seen more of the world than any other young man born in Willits and his term of enlistment will be up in two months. Owing to business conditions he will probably reenlist after his present term expires.

Four Generations

Mr. and Mrs. J. W. Heap entertained four generations, in the female line, over the week end. The great grandmothers were Mrs. N. Jasperson of San Francisco, and Mrs. Ella Heap of Ukiah, mothers of Mr. and Mrs. J. W. Heap. The grandmothers were Mrs. J. W. Heap, and Mrs. R. E. Roach of Ukiah. The fourth generation was represented by the two little daughters of Mr. and Mrs. John Heap. Others in the party were Miss Clara Heap and J. M. Carlson of San Francisco.

Miss Margaret Bruce came up from Oakland last week for a short visit with Mr. and Mrs. A. B. Guslander.

Miss Vada Hall, who is attending the state teachers college at Arcata, came home to spend the holiday vacation.

Will Muir spent Christmas in the metropolis.

Mrs. Farrelly and children are visiting relatives in San Francisco.

Mr. and Mrs. Joe Tuck and daughter, Miss Marjorie, spent Christmas with relatives in the bay region.

Otto Hedtkamp came in from Bell Springs last Saturday to attend to some urgent business.

Miss Edith Patton has been on the sick list for the past week.

Fred James came over from Reno last week for a short visit with his parents, Mr. and Mrs. M. M. James.

Frank Corbett, Jr., is home for the holiday vacation. He is attending the university of San Francisco.

Mr. and Mrs. Louis Heckendorf and infant came down from Eureka to spend Christmas with his parents.

Mrs. Simmerman Dies

Mrs. Mary Simmerman died December 24 and the funeral services were held at St. Anthony Catholic church Sunday afternoon, Rev. Father Brennan officiating.

Deceased was born in Yolo county, January 1, 1867, and was a sister of Enos and Miss Sadie Clark of Willits. She came to Willits about eight years ago. She leaves two daughters and one son: Mrs. Evelyn Ford, Mrs. Will Thom and Robt. Simmerman.

Novelty Pumpkin Vine

Last summer a volunteer pumpkin vine started to grow near Shorty Evans's front porch and in a short time it preempted a large portion of said porch but Shorty let it grow just to see what would do. It produced several large pumpkins and Shorty had a portion of one of them made into his Christmas pupmkin pie.

Mr. and Mrs. Arnold Rumwell came up from Palo Alto to spend Christmas with her father, W. T. Saxon.

Howard Bobbitt came up from San Francisco last week.

Hospital Notes

The hospital is full, but mostly with medical cases. We are having another flu epidemic.

Mrs. E. D. Eberhardt underwent a minor operation Sunday.

Mrs. L. Prothero, of Laytonville, is getting along nicely following a major operation.

Mrs. Edna Thomas, of Cummings, underwent a major operation Sunday.

Mervin Britton will return to his home in Covelo this week.

Mrs. L. Goodale, of Cummings, underwent a major operation the first of the week.

The cast will be removed from M. E. Thornton's back this week and a steel spinal brace will be adjusted. Some weeks ago Thornton had 11 vertebra fractured when his car rolled over the grade in the Cummings section. At first it was thought that he could not recover.

Baby Mary Scanlon was brought in from Nashmead a few days ago suffering from pneumonia.

Mrs. A. J. Fairbanks is confined to her home by a severe attack of the flu.

Mrs. John Wright and son, Edwin, of Santa Rosa, spent Christmas day with Mr. and Mrs. Al Catendo.

J. E. Smith, watchmaker at the Smith jewelry company, arrived Tuesday from Turlock, where he spent the Christmas holiday with his family.

Louise Frey, of Eureka, spent Christmas and the week end with Mr. and Mrs. Ashley Doak at their home on Standley street. Miss Frey is Mrs. Doak's sister.

Mrs. Jere Chain and Miss May Shields, daughters of B. Shields, local telephone wire chief, spent Christmas with their parents in Ukiah. Max Orell, a friend, was also a guest in the Shields home.

"BOXES UP" YOUR VOICE

This is not a pile of shoe boxes but the "delay" machine which "boxes up," or "delays," your voice a fraction of a second to prevent interference between westbound and eastbound voices on the Bell System's new radiotelephone service to Hawaii, which opens this month. Gwendolyn Blanco here illustrates size of machine.

NOTE:—In the above tabulation of the tides the daily tides are given in the order of their occurence, commencing with the early morning tides in the left hand column and the succeeding tides as they occur. On some days but three tides occur, the fourth occuring on the following morning.

The column of heights gives the elevation of each tide above or below the level of the Coast Survey chart soundings. The numbers are always additive to the chart depth.

The data is practically the same for Point Arena Light, Navarro River Entrance, Little River Harbor, Mendocino Bay and Fort Bragg Landing. For Westport subtract 5 minutes from the time and for Shelter Cove add 0.8 ft. to high tide.
